Subject: EPA Dimock Data from Weeks 1 and 2

Steve,

Attached is the pdf spreadsheet that we posted to our web page today. this is a compilation of both weeks 1 and 2 residential data, a total of 31 homes. I won't have the excel spreadsheet format of this for you until early next week. Note that the key is at the end of the document. Call me on Monday if you have any questions. Again, no iso methane or radiological included with this.

Have a good weekend,

Rich
